# InLane 300 DEPO PLUS

## INLANE 300 DEPO PLUS

The **InLane 300 DEPO PLUS** rapidly accepts, validates and stores notes and coins; it is equipped with **3 recycling rollers** with a capacity up to 100 notes each, **8 hoppers** for coins and an **overflow box** with a capacity up to **350** notes.

The **InLane 300 DEPO PLUS**, combines the features of an InLane 300 with an 8 mm strongbox, which allows an additional storage of around **1200 notes** inside of a bag located at the bottom of the device and up to **18 kg of coins** inside a second bag. **Both bags can be collected by the CIT.** An additional feature of this device is the possibility to dispense the start-of-the day floats directly with the till.
