# SDM50

## EXTRA SMALL DEPOSIT SOLUTION

**SDM50** is an extra compact smart safe solution by CIMA; it is the ideal solution for tobacco shops, small food stores, clothing shops, bars & restaurants that need a compact device with the right capacity, allowing them to handle the cash and to deposit the values in a bag for the CIT to pick up.

The **stacking bag** with a capacity of up to **1.000 banknotes** is easy-to-use.

The device accepts notes one by one: the bill validator is the **BV1000L**.
